NEW

MOUNTING BRACKET

HYDRASTAR[®] MOUNTING BRACKET

New rugged mounting bracket provides a stable platform ideal for the HydraStar[®] hydraulic brake actuator.

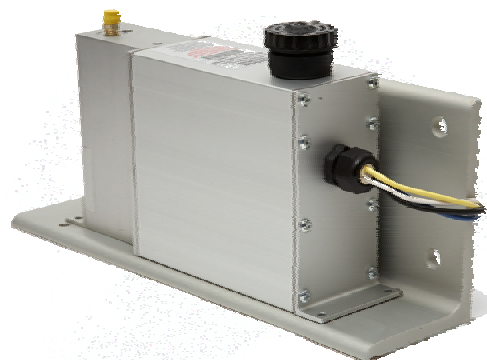

Finally, the right solution for HydraStar[®] trailer brake actuator installation. Carlisle Industrial Brake introduces a new anodized aluminum bracket that is easy to install and built to take the weather and shock of trailer life. Carlisle's mounting bracket is designed to be used with standard u-bolt hardware and may be used to either lower or raise the HydraStar[®] actuator along the trailer frame rails.

This new product is available as Carlisle Model Number **HBA-BKT**. See your Carlisle distributor or visit our website, www.carlislebrake.com, for more information.

Mounting Bracket Specs:

- Clear anodized aluminum extrusion
- Pre-drilled HydraStar mounting holes
- Pre-drilled u-bolt mounting holes
- Mounts easily on the side of frame rails
- Dimensions: 15.15" x 6.0" x 4.0"
- Shipping Weight: 5.9 lbs.

Carlisle Model Number: *HBA-BKT*
