

## Quik-Set

This innovative anchor replaces the Economy anchor line with a fresh design and increased performance. The Hooker Quik-Set has 50% more holding power and the appearance of an anchor costing much more. The Hooker Quik-Set design with the "Slip Lock" shank insures a proper set regardless of which way the anchor lands. A slip design permits easy retrieval in snag prone areas. Hot dipped galvanized finish

## Super Hooker

The Super Hooker anchor is a good choice for your anchoring needs. This lightweight, hot dipped galvanized Super Hooker anchor has strong wide flukes that penetrate quickly and firmly for maximum holding power. The fully welded crown configuration provides the right angles for ultimate holding power and secure penetration. The Super Hooker stows flat and can be used with most fluke type anchor storage systems.
